National eConference DVDs

COMPLETE SERIES 1-11

BBI in partnership with the ACBC, strives to reach out into distant communities as well as cities across the world, to deliver faith education via the inspirational eConferences.

These are now available in DVD format, as a resource for teaching, sharing, inspiring and are an excellent resource for: • parishioners • adult faith educators • teachers • catechists • clergy

Each DVD gives you an opportunity to learn from Australian and internationally-renowned educators who share their knowledge and their passion, in short 20-minute presentations, Q&A and stimulating panel discussions.

One of the great contributions to the faith formation for the Church in Australia have been the e-Conferences delivered by The Broken Bay Institute.

Those who participate in them have the chance to come to a deeper understanding of the Gospel and other great treasures of the Christian tradition.

These are now available for people on DVD so that those who did not participate in the e-Conferences can still have the opportunity for the same formation experience either on their own or in parish groups.

I highly recommend these DVDs as a resource for the Year of Faith to help enrich the faith life of our Catholic community.
